- ◆ Refreshments (in the community room) - Sponsored by Choices Women's Clinic

Readings can be found in its entirety at <https://bible.usccb.org/bible> or simply click the verses below.

**Reading (Genesis 1:1-5, 1:14-18) - SK Bruce Winner**

In the beginning, when God created the heavens and the earth  
and the earth was without form or shape,  
with darkness over the abyss and a mighty wind sweeping over the waters  
Then God said: Let there be light, and there was light.  
God saw that the light was good.  
God then separated the light from the darkness.  
God called the light “day,” and the darkness he called “night.”

Then God said: Let there be lights in the dome of the sky, to separate day from night.  
Let them mark the seasons, the days and the years,  
and serve as lights in the dome of the sky, to illuminate the earth.  
And so it happened:  
God made the two great lights, the greater one to govern the day,  
and the lesser one to govern the night, and the stars.  
God set them in the dome of the sky, to illuminate the earth,  
to govern the day and the night, and to separate the light from the darkness.  
God saw that it was good.

The Word of the Lord.  
**R./ Thanks be to God**

**Responsorial Psalm (18) - Rev. Mr. Nelson Cruz**

**R. My God, you are always there to help me; I place my trust in you.**

And he made darkness the cloak about him;	And the LORD thundered from heaven,	Then the bed of the sea appeared,	He reached out from on high and grasped me;
Dark, misty rain-clouds his wrap.	The Most High gave forth his voice;	And the foundations of the world were laid bare,	He drew me out of the deep waters.
From the brightness of his presence	He sent forth his arrows to put them to flight,	At the rebuke of the LORD,	Het set me free in the open,
Coals were kindled to flame. <b>R./</b>	With frequent lighting he routed them. <b>R./</b>	Are the blast of the wind of his wrath, <b>R./</b>	And he rescued me, because he loves me. <b>R./</b>

**Gospel (John 4:5-14) - Rev. Jose Bautista**

P./ This is the Gospel of the Lord

**R./ Praise to You Lord, Jesus Christ**

## Intercessions - SK Guido Eugster

In human works and the inventions of human genius we must recognize the continuing activity of God the Creator. Rightly, then, we offer praise to God with grateful hearts and call on Him with confidence.

### **R./ Lord, sustain the work of our hands**

1. Eternal God, you made all things good and gave them into our care; grant that we may use the forces of nature wisely for your glory and our own wellbeing. We pray to the Lord.
2. You continually give us your Holy Spirit; grant that we may cooperate with the same Spirit for the renewal of the earth, not merely through technology but through justice and charity. We pray to the Lord.
3. You know what lies in our hearts; grant that a desire for what is right and good will guide the use of scientific knowledge. We pray to the Lord.
4. Your wish is that all should call you Father; grant that those people who suffer discrimination may be helped by all of us to gain the rights and advantages that belong to every human being. We pray to the Lord.
5. You, Lord, are the creator and sole owner of human life, grant that we, the human race come to respect human life from the moment of conception to natural death. We pray to the Lord.
6. Grant, Lord, success to the work of all those who labor in this place; help to those who come here seeking it, and generosity to your people so that this ministry may continue to proclaim your presence and love to those in need. We pray to the Lord.
7. And for all the needs and intentions that each one of us here present hold in the depths of our hearts...(moment of silence). We pray to the Lord.
